

## Family Contribution

We are asking for a donation towards the team prior to any events to cover the costs for students during the entire robotics season. This donation will be used specifically for food, drinks, uniforms, scholarships, equipment, substitutes, coach's stipends/travel, travel, lodging, and event registration. The team budget is \$142,000 annually, and the donations we are asking for, only covers a fraction of that cost. In order to ensure that everyone can have the best experience on Team Spyder we are requesting a \$250 donation per person on the team. Please turn in your donation when you turn in your forms as part of the completed application. Note that this is in fact a donation and is tax deductible.
